

HotZone®
Radiant
Heaters

**Compact and
lightweight with
silent operation.**

The Hottest And Only **True Spot Heater On The Market**

Focus heat where you want it with the only *true* infrared spot heater on the market. The HotZone® heater features a high intensity infrared source and the patented lobster-eye IRLens™, which focuses 3 to 5 times more infrared energy into the center of the beam than heaters without a lense. This revolutionary design makes HotZone the most energy-efficient infrared heater on the market today.

Full heat in three minutes. Wind does not affect radiant heat. HotZone increases the temperature by 20° where you want it and when you want it, so people feel comfortable without increasing the air temperature in the entire building. *Raise employee productivity and lower heating costs today!*

**Reduce
Building Heat
- Save Energy
Cost.**

Wall and ceiling mounted HotZone heaters also available.

Distributed By:

**Heat People,
Not Buildings!**
HotZone provides a
20 degree temperature
increase in your
target area.

Used By Leading Organizations Worldwide

to keep people warm and comfortable. The following are just a few of the applications for HotZone heaters:

- Commercial/Industrial
- Hospitality
- Public/Government
- Greenhouse
- Agriculture
- Sports/Recreation

Products & Services

- **Electric & Gas Spot Series:**
Creates a Circular Heating Zone.
1500W to 5000W
Natural Gas & Propane,
35mBTU to 110mBTU
- **Gas Aisle Series:**
Creates an Elliptical Heating Zone.
Natural Gas & Propane,
35mBTU to 175mBTU
- **Heater Controls:**
Switches, Timers, Power
Controllers & Temperature
Sensors.
- **Mounting Accessories:**
Wall, Ceiling, and
In-Ceiling Mounts.
Decorative and Industrial.
- **Replacement Parts**

Designer Heaters

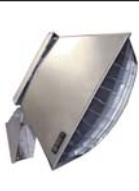

High Intensity Electric - Spot

1500W Models	5x	Circular	14	8' - 13'	1500W	120, 208, 240V	Wall, ceiling, stand	On/off, dim	N/A
3000W Models	5x	Circular	28	10' - 18'	3000W	120, 208, 240, 277, 480V	Wall, ceiling, stand	On/off, dim	N/A

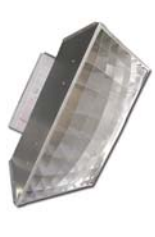

Industrial / Commercial Heaters

High Intensity Electric - Spot

1500W Models	5x	Circular	14	8' - 13'	1500W	120, 208, 240, 277V	Wall, ceiling, in-ceiling	On/off, dim	N/A
3000W Models	5x	Circular	28	10' - 18'	3000W	120, 208, 240, 277, 480V	Wall, ceiling, in-ceiling	On/off, dim	N/A
5000W Models	5x	Circular	60	13' - 23'	5000W	120, 208, 240, 277, 480V	Wall, ceiling	On/off, dim	N/A

High Intensity Gas - Spot

35,000 BTU Models	3x	Circular	60	10' - 18'	35mBTU	Natural gas or propane	Chain hung	On/off	mV, 24V 120V
70,000 BTU Models	3x	Circular	120	13' - 23'	70mBTU	Natural gas or propane	Chain hung	On/off	mV, 24V 120V
110,000 BTU Models	3x	Circular	180	18' - 28'	110mBTU	Natural gas or propane	Chain hung	On/off	mV, 24V 120V

High Intensity Gas - Aisle

Typically installed in a row of 3 or more heaters.

35,000 BTU Models	3x	Oval (2:1)	60	10' - 18'	35mBTU	Natural gas or propane	Chain hung	On/off	mV, 24V 120V
70,000 BTU Models	3x	Oval (2:1)	120	13' - 23'	70mBTU	Natural gas or propane	Chain hung	On/off	mV, 24V 120V
110,000 BTU Models	3x	Oval (2:1)	180	18' - 28'	110mBTU	Natural gas or propane	Chain hung	On/off	mV, 24V 120V
175,000 BTU Models	3x	Oval (2:1)	240	18' - 28'	175mBTU	Natural gas	Chain hung	On/off	mV, 24V 120V
